

THE PEOPLE'S PATHWAY

The People's Pathway is a heritage trail with a difference. There are no boring signs on posts outside vacant lots where once there was a building of some kind – instead, there is an eclectic collection of rusty steel characters scattered along both sides of the main street, just waiting to meet you. Each has a story to tell, and many will bring a smile or a chuckle – but only if you look closely!

- ☉ The trail is marked for one-way travel only (anti-clockwise).
- ☉ Trail markers on green recycled plastic posts clearly mark each turn and junction along the way.
- ☉ The full loop is only 1,350 metres, so is suited to all ages and abilities.
- ☉ There are 22 “people” (rusty steel sculptures) located along the way. Each carries a simple interpretive sign telling their story.
- ☉ Take some water, a hat, your wallet (to buy an ice-cream at the shop or a beer at the pub) – and your sense of humour!
