**Executive Summary**

Each Local Government is required to conduct a budget review between 1 January and 31 March each financial year. A budget review is a detailed comparison of the year to date actual results with the adopted budget.

**Background**

The review has been carried out by senior staff responsible for their own budgets. The review has required a thorough investigation of all areas over several meetings to ensure expenditure and income stated will be as accurate as possible.

Local Government Financial Management regulation 33A requires the Council to consider the review for the period from July to December of that financial year. The regulation also requires the Council to consider the local governments financial position, consider the options presented and decide whether or not to adopt the review as presented, any part of the review or any recommendations made in the review, and consider the outcomes that are forecast in the budget

The Shire is required to provide the budget review to the Department of Local Government within 30 days after Council has made its determinations.

The review provides the details of anticipated changes in income and expenditures and these changes are identified below.

In some instances the changes are minor and a verbal explanation is provided. More significant changes to income or expenditures are provided in the attachments.

**The following table provides a summary of the changes:**

<b>Item</b>	<b>Account No</b>	<b>Proposed Change to Budget</b>	<b>Details</b>
1	04007 Council Ipad costs	+ \$6,000	This is to allow for the purchase and preparation of new iPads
2	04017	+ \$7,000	For Aus Day, Anzac Day, Street Party, Seniors and Volunteers
3	04099 Administration Allocated	Nil as yet, note: this will not affect	We are to carry out an exercise to determine the administration time allocated to different areas of operation. This is to satisfy audit and ensure future

		the bottom line	allocations are correct.
3	New Account in Governance area - Consultant	+ \$8,000	The Ward Review requires substantial officer time which we cannot accommodate without deferring other essential tasks. A quote was received from a former CEO to acquire the details and provide the new boundary details.
4	04214 Computer Equip maint	+ \$5000	One additional PC and two PC'S required replacement – unbudgeted. This is counteracted by reduced photocopier costs from the acquisition of the new copier.
5 6	04238 Consultants	+ \$8,000	Particularly for finance support with the loss of the SFO and allowing time for the new SFO. Will be used for budget review and in the early stages of preparation of the new budget.
7	07250 Medical Centre Building	- \$15,000	Medical centre proposed building works – not essential and time will not permit the work to proceed.
8	04245 Software Licensing	+ \$4,000	Purchase of Electronic P/O software
9	05106 FESA Grant Capital	+\$25,000	Project not approved by DFES, offset with no expenditure
10	05107 Grant – Mount Gibson	+\$10,000	As above
11	05150 Latham Fire/Amb Shed	-\$50,000	As above
12	New account	+ \$2,000	Purchase of a new fogging machine – funder from reduced Mosquito Control expenditure
13	08425 PECC Lotterywest Grant	- \$30,000	Reduced budgeted income, unexpected, \$300,000 originally budgeted however \$270,000 approved ex gst
14	08633 Childcare expenses	+ \$42,000	Increase in budgeted expenses – refer also to increased income of \$10,000, to allow for operations from mid March
15	09291 General House Cleaning Exp	- \$15,000	Reduced expenditure – houses occupied and less cleaning required
16	09292 General House Maint	+ \$30,000	House maintenance budget increased due to unexpected increase in maintenance. Partially offset by an expected \$20,000 refund through an insurance claim
17		No effect	It is proposed in 2015/2016 to move the building

			officers wages out of the works area into a separate account. This allows more control over building costs and the employees are not affected by the overheads of the works area.
18	09284 Housing Project	+ \$80,000	Nordic Homes – spreadsheet also provided. Costs for this project were incorrectly allocated to the Housing Capital Account; a value of \$99,821. We also have \$40,916 not yet claimed by Nordic including a 10% retention. It is expected we will receive some refund for repair work done by our staff. The increases in costs were due to: <ul style="list-style-type: none"> <li>• Extensive earth moving and fill work required to the lot before and after units placed</li> <li>• Increased costs in concreting not expected</li> </ul>
19	09286 Capital General Housing	- \$110,000	The budgeted works will not be carried out this year – possibly expectations were too high. Suggest a transfer of funds to Nordic Homes Capital and a sum to allow for the purchase of artificial turf. Remainder transferred to maintenance which has had higher than expected costs. See spreadsheet
20	10202 Town Planning and Other	-\$20,000	No progress in this area as yet, for new subdivision, focus has been on existing vacant lots
21	10001 Refuse site Maint	+ \$15,000	More than expected works required at the rubbish tip to comply with conditions of the licence
22		+ \$3,000	New budget to cover costs of a designer to prepare concept drawings for the pavilion (see also caravan park)
23	10410 CDO Salaries	-\$25,000	Gap in recruitment from previous to present, reduction in overall agreed annual salary amount
24	10412 CDO Project Expenses	+\$40,000	New project Anzac Centenary, offset by \$15,000 income
25	11822 Blues for the Bush	+ \$58,392	Higher than budgeted costs for the Blues for the Bush, partially offset below
26	11823 Blues for the Bush Event Income	- \$22,314	Sharing of the over expenditure from Bush Heritage
27	11053 Perenjori Town Hall	- \$10,000	The proposed work cannot be accommodated this financial year

The budget review has the input of all senior staff, and is reflective of discussions held with Council regarding this situation. Most of the changes in circumstances have been highlighted in various Council meetings and other changes are predicted using the best knowledge available.

**Comment**

Annual budgets are by nature predictions of what will happen during the term of the budget. Though budgets are carefully prepared unexpected circumstances and external influences result in the need to review the proposed activities for the remainder of the financial year. The process for this review has been thorough and the expected changes are suggested from careful analysis of each circumstance

**AUTHOR: PETER MONEY – MCDS**  
**RESPONSIBLE OFFICER: PETER MONEY – MCDS**  
**REPORT DATE: 19 FEBRUARY 2015**  
**ATTACHMENTS: APPLICATION**

**Executive Summary**

The item recommends the Council supports the application to subdivide lot M3104 into two lots of 785 and 772 hectares each in accordance with the development proposal made on behalf of the property owners David James Hebiton and Robert Neil Hebiton.

**Background**

The proposal is to subdivide the existing lot M1304 at the corner of Bateman and Parkwood Roads. The existing landholding is 1,557.8 Ha in area and contains an existing homestead and outbuilding.

The dwelling is self-sufficient for power (solar and generator/battery) and has access to on-site water supply. The lot contains about 45 ha of remnant vegetation and the remainder is broad acre farming land.

The proposal is to create two lots of 785 and 772 ha each. Both lots will retain access to existing constructed roads and Lot A of 785 Ha will retain the existing buildings.

In the submission the applicant states that;

- There is no change to the proposed use of the land in that it is retained as broad acre farming;
- The proposal will enable the proposed lots to be sold individually and increase the viability of use as broad acre farming land;
- The current size makes it difficult for on-selling to adjoin landowners;
- There is some interest from prospective purchasers and individual lots will be more easily financed;
- The applicant also claims the individual lots would help the viability of the land to continue as broad acre farming land.

The Council's Local planning Strategy is silent on subdivisions such as this and the Planning Policy for the Subdivision for Homestead Lots under the Shire's Town Planning Scheme does not specifically refer to subdivisions such as this.

Therefore the reference document is the WA Planning Commission Development Control Policy 3.4 section 6. The applicant also refers to this Policy and quotes the overarching objective of the Policy is to ensure the protection of viable and productive agricultural land and avoid the introduction of incompatible uses.

In seeking advice from the Shire of Chapman Valley Manager of Planning he concurs with this and also points out that this Policy from the WAPC was specifically implemented to control the subdivision of rural land in and around the Avon Valley that was being subdivided into homestead lots – and the subsequent loss of viable farming land.

This application if approved would result in two lots of a substantial size and the intention is that they remain as broad acre farming land. Therefore they comply with WAPC Policy 3.4. Further to that the lots surrounding this land are significantly smaller as shown the Landgate map attached. In fact some of those lots are less than 400 hectares.

The other matters to consider are the effect on any Shire facilities or utilities such as scheme water of scheme electricity. In this regard the agencies are part of the consultation process and will respond accordingly. There are existing shire roads that service both properties and therefore there is no further cost to the Shire for additional service roads.

Therefore there are no obvious impediments to the subdivision of the property and accordingly it is recommended the Council support this application.

The Manager of Planning & development at the Shire of Chapman Valley was consulted and provided information on a number of aspects of the proposal. In this instance this application retains lots of a size that are larger than some surrounding lots and therefore compatible. No conditions were identified that could or should be applied to the proposed development.

**Executive Summary**

This item recommends the Council adopts a revised Code of Conduct.

**Background**

The Code of Conduct was last adopted by the Council in February 2008. These documents are regularly reviewed and updated and generally reflect legislative changes but also changes that are identified through investigation of administrative practices and the way in which local government members and employees behaviours may change.

Effectively the behaviours in the local government industry are reviewed continually and the Code may be amended to improve the transparency and integrity of the behaviours of members and employees. This document reflects the changes that have occurred since 2008.

Section 5.105 of the Act also states that "Regulations may prescribe rules, to be known as the rules of conduct for council members, that council members are required to observe." The Code of Conduct is considered to contain best practice aspects of professional conduct for members and employees.

In many instances the changes are quite subtle and this document presented here covers all the changes proposed or recommended.

Rather than amend the 2008 Code of Conduct I have presented the draft code proposed by WALGA with some minor amendments.

<b>ATTACHMENTS:</b>	<b>ANZAC CENTENARY PROJECT GRANT APPLICATION</b>

**Executive Summary**

This item recommends that the council support the allocation of funds in the budget to meet the shortfall to allow the ANZAC Centenary Project to occur.

**Background**

The Commonwealth Government have offered \$15,000, half of the requested amount for the Anzac memorial project to celebrate the centenary of World War I. The project entails a 2 metre x 1.5 metre bronze relief of the WWI rising sun emblem to be inlaid in a concrete pad, next to the existing Anzac Memorial. This bronze relief will be one of the largest in WA and possibly Australia, which will be a feature on the main street of Perenjori and a draw card for visitors to the area. Surrounding the relief will be inlaid plaques with information about those from the Shire of Perenjori who served in WWI.

Former CDO Samuel Parker and Council's CEO Ali Mills completed the grant proposal in early 2014, with the support of MP Melissa Price. On news of the approval of the grant (20th

January 2015), CEO Ali Mills sought guidance from Shire President Chris King to proceed, due to the short time frame to complete the project before Anzac Day. The bronze relief has commenced, and CDO Leah Adams has been in contact with the Historical Society's Andrew Bowman-Bright regarding information for the individual plaques. Further research and cross referencing will need to occur to ensure accurate information.

The total project cost is \$40,000 with the contribution from Council now required being \$25,000.

**Executive Summary**

This item recommends that the council endorse the presented fees and charges for the Perenjori Gym.

**Background**

There are currently no endorsed fees and charges for use of the Perenjori Gym. Whilst fees and charges have been applied in practice, it has become evident that these are not in the current fees and charges schedule. The Local Government Act as outlined in the Statutory Environment heading requires council to determine fees and charges, which normally occurs when the annual budget is adopted.

The Perenjori gym is a great facility available to all visitors and residents. The shortest membership timeframe currently available is one month. However, if the facilities were available for use on a single day or weekend, the facility may see an increase in usage and income. This opportunity would be attractive for short term residents such as contractors, visitors attending weekend events such as the WA Off Road Racing Championships and Blues for the Bush Open Day and Concert, and locals who want to use the facilities only occasionally.

It is proposed that a \$5.00 day pass and a \$10.00 weekend pass could be offered. Those wishing to use the facilities would need to apply during Shire office hours. Those visiting for a weekend wishing to use the facilities would need to pre-apply, via a phone call or an enquiry through the Shire website.

There is currently a refundable bond of \$100 was originally designed to cover the cost of the keys given to users if lost. However, since the gym is now accessible by a pin code, it can be questioned what the bond is required for. The technicalities of the bond can be tedious, for example, many visitors are only able to pay their bond in cash and expect to receive their cash back, which is not possible due to the money being held in a trust account. There have been zero incidences of damage since the facility has been operating, and a CCTV camera and monitor are soon to be installed for security purposes. It is proposed that the bond be removed.

Proposed	Bond	\$0
	Day	\$5
	Weekend	\$10
	1 month	\$20.00
	3 months	\$50.00
	6 months	\$90.00
	12 months	\$160.00

Throughout research for this item, it has been made aware that the gym fees and charges schedule is not included in the budget review. The Local Government Act as outlined below requires council to determine fees and charges.

- d) An estimate of the total amount to be imposed by way of the service charge
