Executive Summary

This report seeks Council endorsement of the update on the requested changes to RAV's for various Perenjori Shire roads sent to Main Roads back in 2013.

Background

The Perenjori Shire held a workshop back in 2013 to review its road network and the RAV's for each road. A list was compiled and forwarded to Main Roads with requested changes to the network. Due to the large amount of roads to be reviewed it has taken a while for the assessments to be carried out. The attached spreadsheet gives an update on the roads that have been assessed and what their outcomes have been.

Statutory Environment

Local Government Act 1995 S3.1 – the general function of Local Government is to provide for the good government of people in its district.

Section 3.57 Local Government Act 1995 (“the Act”)

Part 4 Local Government (Functions and General) Regulations 1996 (“the Regulations”)

Local Government (Functions and General) Amendment Regulations 2007 (“the Regulations”)

Strategic Implications

Area 1: Infrastructure and Natural Assets – Our Natural and Built Environment

Goal: A Community that develops and lives sustainably in a thriving natural and quality built environment, which meets current and future community needs

Consultation

Councillors, Main Roads, CEO

Comment

With a large amount of roads being unsuccessful in gaining their requested updates, it may be time to again review these roads and determine whether Council wishes to continue working towards having the various roads upgraded or let them remain as they are.

This will mean assessing each road against the comments supplied by Main Roads to determine if the upgrade works are possible and then budgeting for them in some or most of the cases.

Officers Recommendation – Item 15022.2

That the review of the Restricted Access Vehicle for the Perenjori Shire road network be accepted as presented.
