### 18062.3 REQUEST FOR THE WRITE OFF RATES DEBT

**APPLICANT:** SHIRE OF PERENJORI  
**FILE:** ADM  
**DISCLOSURE OF INTEREST:** NIL  
**AUTHOR:** JOELENE DENNIS - MCDS  
**RESPONSIBLE OFFICER:** ALI MILLS - CEO  
**REPORT DATE:** 21ST JUNE 2018  
**ATTACHMENTS** NIL

**Executive Summary**

This item seeks Council’s permission to write off an amount of rates which has been identified as incorrectly treated in our system. It is unlikely that council will be able to recover these amounts.

**Background**

Council was advised by Landgate, that with effect from 1/2/2017,
- An assessment was subdivided into two new assessments
- the new assessment was then amalgamated with three existing assessments to form a new assessment.

Resulting in four assessments being made history and two new assessments being created, with a net impact to rates and charges of $148.12
Due to administrative issues, when the Landgate Schedule was processed, adjustment journals were performed across these six assessments. The result of these journals is that the original assessment and one of the new assessments now have the incorrect balance. In order to follow best practices and accountability of transaction to the auditors, these journals need to be reversed which will result in:

- the original assessment having an outstanding balance of $3,354.98
- one of the new assessments having an outstanding balance of $2,246.53

As these charges:
- relate to the 2016/2017 financial year,
- the original assessment is now a history assessment,
- change of ownership has occurred between the history assessment and its child properties
- rate notices showing that these charges were not due for payment have been sent to the ratepayers

It would be unlikely that council will be able to recover these amounts. Therefore, it is requested that a total of $5,601.51 be written off due to past administrative errors when processing the subdivision and amalgamation of the assessment.

**Statutory Environment**

The Local Government Act 1995 states that council has the;

6.12. Power to defer, grant discounts, waive or write off debts
(1) Subject to subsection (2) and any other written law, a local government may

(a) when adopting the annual budget, grant* a discount or other incentive for the early payment of any amount of money; or
(b) waive or grant concessions in relation to any amount of money; or
(c) write off any amount of money, which is owed to the local government.

* Absolute majority required.

(2) Subsection (1)(a) and (b) do not apply to an amount of money owing in respect of rates and service charges.

Executive Summary
This item seeks Council’s acceptance of the Blues for the Bush Concert and Open Day report for the month of May 2018.

Event Status
During the past month, the Project Team has prepared significant arts-based grants, developed the Open Day program and finalised the Marketing Plan and allocated the marketing budget. The concert line-up has also been all but confirmed. This will be announced shortly... Key event suppliers have been contracted and community engagement activities continue. During June, the Project Team will continue to finalise the Open Day Program, and develop a robust and workable ticketing system. June will also see the Project Team prioritizing engagement with local businesses with meetings and open sessions hosted by Emily Sutherland and Theaker von Ziarno with the aim to encourage businesses to buy into the event. Early June will also see Emily Sutherland and Christina Laue meeting with the new Community Engagement Officer for Bush Heritage who will be tasked with recruiting and managing the volunteers for the event (both lead up to and over the festival weekend). Volunteers form an important part in delivering a successful event and therefore this relationship and initial meeting will be very valuable.

The Steering Committee (Luke Bayley and Ali Mills) have met with the Project Manager and have not raised any red flag issues with the Project Team.
To date, all key Event Milestones have been met.

Expenditure
Project expenditure to date totals just under $20,000. The accompanying spreadsheet shows a breakdown of expenses. The expenditure has increased during May and will continue to do so over the coming months as we pay key supplier deposits and start to expend the marketing budget.

No overspend on the budget has been recorded.

Income
As per Steering Committee Correspondence, the fundraising activities to date have resulted in the project being partly funded. A concerted effort by the Steering Committee in the near future is expected to assist in raising revenue considerably. A snapshot of the budget position is:

- **Budget**
  - Revenue $110,000
  - Costs $402,030
  - Shortfall ($292,030)

Confirmed funding of $110,000 is from the following sources:

**Sponsor Revenue**
- Bush Heritage $33,000
- Shire of Perenjori $32,000
- Mt Gibson $25,000
- TOTAL $90,000

**Grant Income** (not including Arts/Community Based Grants)
- LotteryWest $25,000
- TOTAL $25,000

The $287,030 shortfall is expected to be funded as follows:

**Expected/indicated income of $108,000**
- Ticket Sales $97,000
- Arts Funding (core budget implication) $30,000
- Sponsorship $155,030
- Other income (merchandise, fees etc) $10,000
- TOTAL $287,030

2018 Blues for the Bush Monthly Project Report – May

Supplementary to the core income raised, the Project Team has successfully secured:
- $30,000 towards Open Day/Community Engagement Activities from Country Arts WA
- $10,000 towards the Badimaya Beats Project from Gunduwa
- $1,000 towards the Badimaya Beats Project from the Perenjori Primary School
Regional Remote Touring Fund

During May, the Project Team has been working towards lodging a significant grant with the Department of Culture and Arts. This grant was applied for in 2016 and we were successful in acquiring enough funds to supplement the core expenditure budget to bring a world class ‘tour’ to the event.

In 2018, we are packaging a tour which has been the vision of Theaker von Ziarno which will see high profile and international performers headline the Blues for the Bush Open Day. These performers include:

- **Grace Barbe** [http://www.gracebarbe.com/](http://www.gracebarbe.com/) Seychelles islander Grace Barbé is the real deal, a genuinely exotic world music star for the 21st century, with the talent, looks and voice to match. Grace’s soulful music reflects and celebrates the diverse cultural influences of her Indian Ocean heritage. Grace Barbe hails from the sunburnt Indian Ocean islands of the Seychelles, where a colourful history of slavery, pirates, coups d’etat and coconuts have produced a unique Kreol rhythm, language and culture. Drawing from the diverse cultural melange of the islands, Grace’s trio fuses the tropical rhythms and dances of the slaves with psychedelic rock, afrobeat, reggae and pop. Grace has been enticing audiences to get up and shake their coconuts since the release of her debut album Kreol Daughter in 2009, with appearances all over India, East Africa (Sauti za Busara Festival, Zanzibar) and the Indian Ocean (Sakifo Festival, La Reunion) as well as at Australia’s leading music festivals, including Womadelaide, WOMAD New Zealand, Byron Bay Bluesfest and Woodford Folk Festival. Her band has won the award for "Best World Act" seven times in her current home state of Western Australia. Passionately committed to showcasing and developing the Kreol culture with which she is so deeply connected, Grace is touring her new album Welele!

- **Eliose Green** the Hula Queen [http://www.eloisegreen.com.au/press.html](http://www.eloisegreen.com.au/press.html) has performed at over ninety festivals in 20 countries around the world. She has produced and performed in her own productions that have secured seasons at the London National theatre, Melbourne Arts Centre and Brisbane Festival. She has also performed in ‘The Funatorium’ produced by The Sydney Opera House which still continues to tour. In 2003 Eloise completed a Bachelor of Circus Arts and for 2 years performed as M.C. and acrobat with ‘Circus Oz’. Eloise has also been the recipient of state and Federal funding to create and present several productions and undertake professional development opportunities. She has been the Artistic Associate for the South Australian Circus Centre which included co-ordinated and directed numerous state funded outreach programs that utilise circus as a social tool within communities and schools. Eloise began performing and training at the age of six with Adelaide’s youth circus, Cirkidz and since then has performed in over fifty different productions in theatres, big tops, train stations, forests, caravan parks, on the beach, the street and islands all over the Globe. ‘Eloise has a proven track record as a performer… Her performances are funny, skilled and inclusive, and she has a rare combination raucous comedy and disciplined circus skill. Eli has an infectious and generous energy and enthusiasm, particularly in front of a crowd. She also has an extraordinary ability to play off the energy of a crowd, incorporate improvisation and heckles as well as interact with individuals from the audience.” Mike Finch, Artistic Director, Circus Oz

‘Eli Green is a unique performer who has the ability to completely engage with & engage her audience in her performances and this is a rare talent indeed. I have watched Eli’s work evolve and to my delight she is always original, comic, quirky and feisty when she performs her take on the world! Eli Green is an outstanding

James is based in Exmouth and joins the GiM team for the entire 2018 tour.

This year alone we will be performing in Europe, The UK, Canada, Asia and on Australia’s West and East Coasts.

Program

The Project Team is committed to offering a high quality, dynamic Open Day program with something for everyone. We are excited with the prospect of bringing internationally regarded performers to our festival with the help of funding from the Department of Culture and Arts (DCA). The first draft of the Open Day program has been prepared on the premise that the (DCA) funding we have applied for will be forthcoming. The DCA arts grants have quick turnaround times so an outcome of these grants should be known in the near future. If unsuccessful, this will allow for plenty of time to rework the program and prioritise our existing Open Day budget.

The budget overview accompanies this report and within the next two weeks this will be populated into a tactile promotional flyer for e-distribution and use on social media.
Sunday afternoon Program in Perenjori

In order to capitalise on the visitors to Perenjori for the Blues for the Bush, the festival program has been extended into the Perenjori townsite on Sunday 23rd Afternoon and Evening (from noon). The festival program at Charles Darwin Reserve finishes at noon on Sunday and as it is a long weekend we are hoping people may continue to enjoy the Blues for the Bush in Perenjori.

Christina Laue is Project Managing this Sunday program with some assistance from Theaker von Ziarno and Emily Sutherland.

This program is being developed with three elements in mind:

1) Explore the Town and Village Green: - family, fun and free
   We are encouraging local businesses to open and will engage local people who have ‘the gift of the gab’ to conduct walking tours of the town – maybe highlighting the people’s pathway, heritage and cultural places. We are hoping to have an interactive map produced for self-walking tours that will also include a ‘go-and-find’ element where families are encouraged to answer questions or find items around the town. This map/activity will be launched at the Blues for the Bush with the hope that is can be used year round by visitors. The Village Green will feature some live music and a high quality arts and craft market where locals are encouraged to sell their produce etc. It will also hopefully feature a performance by the local school children of their Badimaya Beats piece. Shop windows will be ‘dressed’ using the banners created by the arts and craft group and installations helping beautify buildings and empty windows.

2) Relive the Festival Revelry at the Perenjori Pub
   The Perenjori Pub will be the backdrop for some live music. We will aim to have the street closed and the license extended outside with the band set up in front of the pub on Hesford St. The pub will offer good hospitality and food options.

3) ‘Circle the Wagons’ : Food, Fire, Family Film night
   The oval will be available for free camping for RV’s etc. A low key set up for people wanting to enjoy good company and spend another night in Perenjori. We will encourage the Sports Club to offer meals and show a movie or two on the inflatable screen. Some fire drums will be monitored to offer some warmth and atmosphere. A good option for those who do not want another lively night. We will look for catering options for Monday morning from the pavilion.

A meeting with local businesses and community groups in June will ensure the community is well consulted about this program and to ascertain if they feel this will be well supported. We do not want the community to feel obligated to be involved however if we do not have the support of the local business community then we cannot offer this program on Sunday.

This meeting will also be an opportunity to discuss opportunities for businesses to make the most of the Blues for the Bush weekend and seek feedback on how the community can further benefit from the festival.

Food & Beverages

The quality of food available for purchase at the 2016 event was high. The feedback received from both vendors and attendees was excellent with vendors advising they would like to be involved with the 2018 event.

Our Catering Coordinator, Angela Dring, has begun negotiating with these food vendors:

- Pai Tumaca (Spanish Paella) - Confirmed
- Bono Pizza (Wood fired Pizza) - Confirmed
- Taco Loco (Mexican) - Confirmed
Shire of Perenjori
Ordinary Council Meeting
MINUTES

21st June 2018

- Rick and Rogers (Lamb Rolls) – Confirmed
- Coorow Netball Club (Gourmet Burgers and Breakfast Burgers) - Confirmed
- Joy Kitchen Raw Food (Juices, Smoothies, Salads etc) – Confirmed
- Wicked Waffles (Sweet Treats) - Confirmed
- Planet Coffee (coffee) x 2 vendors - confirmed
- Mango Ice Cream (new vendor)
- Asian Cuisine (new vendor)

An expression of interest was advertised calling for local groups and businesses to contact Angela regarding opportunities to cater at the event. Only two locals have taken up this opportunity – the Coorow Netball Club and Rick Sutherland and Roger Dring. Angela is still seeking commitment from local groups to offer the Afternoon Tea Catering. The Carnamah-Perenjori Football Club have again advised they would like to run the bar at the event. This year, the Football Club have been asked to contribute $5,000 fee to operate the bar. This fee will help offset the high cost of security/crowd controllers that are required as stipulated in the liquor license. The Football Club offer an excellent service with their alcohol being purchased locally ensuring more business is generated for Perenjori locals. As with previous years, Angela will work closely with the Shires OHS Officer to ensure all food vendors meet their requirements and comply with the relevant statutory requirements (e.g. Health Act 2008).

Ordinary Council Meeting

MINUTES 21st June 2018

Risk Management

There are no financial risks if this was to be approved. The loss of income to the Shire is minimal and having the Shire show its support for community events that benefit the local and wider community demonstrates that the Council is sympathetic to the efforts of the local community.

CEO Ali Mills
Shire of Perenjori
56 Fowler St
Perenjori WA 6620

Dear Ms Mills,
The Latham Golf & Bowling Club have made a tentative booking of the Latham Community Centre from Thu 2nd to Mon 6th August for the purpose of accommodating visiting golfers from Royal Perth Golf Club during the annual 2018 Victoria Districts Golf Association (VDLGA) Championships. Royal Perth Golf Club has a buddy agreement with all clubs in the VDLGA including Perenjori.

Our club would like to request if the council would consider waiving for us, the hire fees of the Latham Community Centre for the above dates. We understand that we would be expected to clean the facility and leave it as we find it.

It is envisaged that players will use the facility from 3rd-5th August. If we can have access either side of these dates for set up/clean-up, we would be most appreciative. This event is managed entirely by our club which is not for profit with many community members also volunteering throughout the weekend.

Yours faithfully

Darren Tremlett
PRESIDENT
This Item seeks Council’s consideration of establishing a new mining category for those properties in exploration.

Background

The following recommendation was adopted at the ordinary Council meeting on the 17th May 2018:

Council Resolution – Item 17042.3

Moved: Cr G Reid
Seconded: Cr J Cunningham

That Council:

OPTION 1

1. In accordance with s6.36(1) advertises its intentions to impose differential rates for UV Rural and UV Mining for the 2018/2019 financial year.

2. Makes available for public information the document detailing the reasons for and the objectives of the differential rate.

3. Advertises locally the proposed differential rate for a minimum period of 21 days.

4. Reviews any objections to the proposed differential rates and makes a formal decision on any such objections.

5. Following the consideration of any objections, seeks Ministerial approval under Section 6.33(3) of the Local Government Act to impose a differential rate on the unimproved value of mining tenements that is more than twice the lowest unimproved value rate on rural lands within the shire.

6. Approves the annual rates with a 2% increase above 2018/2019 as follows:

   UV Rural = 1.95 cents in the dollar
The Council must advertise (by local public notice) if it intends to impose any differential rates and must allow a clear 21 day comment period for submissions. The period in which advertising may occur is 1st May to 30th June in any year. Advertising commenced on the 18th May 2018 and closed on the 8th June 2018.

Following advertising Council must record any objections and consider the basis of the objections to the differential rates prior to seeking Ministerial approval. One objection has been received which is requesting Council to consider a lower rate for mining companies exploring as opposed to mining. A similar objection was received in 2017/18 with the Minister suggesting Council needs to be considerate of the objection.

The submission from McMahon Mining Tenement Services requested that the Shire consider an additional category of UV rate for “exploration properties”. McMahon Mining Tenement Services pointed out that while extractive industries can have a significant impact on local roads, the nature of exploration permits means they have little impact on road maintenance and renewal requirements.

The submission from McMahon Mining Tenement Services requested that the Shire consider a third category for exploration properties, with significantly lower cents in the dollar rate and lower minimum rate, reflective of the significantly lower use of Shire assets and facilities. No suggestion as to a rate in the dollar or minimum was made.

Financial Implications
The method and level of rating adopted by Council will have a significant impact on the draft 2018/19 budget. The recommended rates in the dollar are based on an overall rate increase of 2%. Should Council wish to introduce a lower rate for exploration and still require the same amount of income then an increase in one or more of the other rates and/or minimums will be required.

**Comment**
The calculation of the various rate increases in this document are based on the property valuations that are current (2018/19) and are calculated on a percentage increase on the current rate in the dollar and the current category of income. The actual income calculated in this document is indicative as the final actual income will change due to updated valuations, ongoing changes in UV valuations, disposal and creation of new mining leases, and from more specific calculations made by the Synergy rates system based on what the rating data will be at the 1st July.

Chief Executive Officer
Shire of Perenjori

Dear Ali

SUBMISSION – DIFFERENTIAL RATING 2018/19

We act for a number of exploration and prospecting companies in WA and thank you for the opportunity to make a general submission regarding the proposed rates for 2018-19.

We would like to take the opportunity to ask the Shire to consider again a separate UV category with a lower rate in dollar for Exploration/Prospecting Licences (a change that has been made in other Shires).

Mining operations cannot be conducted on Exploration and Prospecting Licences, only on Mining Leases. Mining Leases afford the holder greater rights of production or development and are therefore characterised by greater impact on road infrastructure and resources. They are also reasonably subject to proportionately higher fees such as higher rent, expenditure requirements and royalties and subject to more stringent governance and other regulatory processing and requirements.

In contrast, only exploration activities may be conducted on exploration and prospecting licences. Such activities are normally of low intensity and short duration and are not characterised by the same traffic volumes or weights or demands on Shire infrastructure and resources. Unlike mining companies, Exploration and Prospecting companies do not make profits extracting commercial quantities of resources for sale and are generally equity funded with limited cash flow.

We also note that valuations provided by the Valuer General are used to calculate rates each year, and that valuations are based on the rent rate imposed by the Department of Mines, Industry Regulation and Safety.

In 2018-2019, the Department will increase the rent rate by 1.5% for exploration licences and 6% for prospecting licences and all other mining tenements to fund the Exploration Incentive Scheme (EIS). This rent increase will result in an automatic increase in rates even before any further increase in the rate in the dollar or minimum is applied by the Shire. The EIS is aimed at generating exploration activity and the lower rent rate increase for exploration licences is intended to protect the junior sector in finding the deposits of the future. Further increase in rates on top of the automatic increase, may result in double-dipping and diminish these intended effects.

I would be happy to discuss this matter further on (08) 6467 7997.

Yours sincerely

Shannon McMahon
