ACKNOWLEDGEMENT OF COUNTRY

We acknowledge the Badimia people as the Traditional Owners and Custodians of the lands on which we live and work. We also pay our respects to Elders past, present and future.

MESSAGE FROM THE PRESIDENT

Welcome, on behalf of Council, to the Shire of Perenjori Strategic Community Plan and Corporate Business Plan (“Council Plan”).

Many members of the community contributed to the strategic review in 2022 and gave us a clear picture of the community’s vision and priorities. This was our guide in developing the plan and underpins our partnerships with the community and funders.

As a community, we have a strong desire for growth and renewed vitality, with the vision and drive to take the future into our own hands.

The community identified high priority gaps in our liveability and economy. These are driving the priorities in this Plan. Chief amongst them is population attraction, support for business and tourism development, community hub/supermarket, advocacy for health services, and town beautification.

This reviewed Plan provides no change to the community aspirations and strategies, as these will be reviewed in the next consultative review with the community in 2026.

Councillor Jude Sutherland
SHIRE PRESIDENT

MESSAGE FROM THE CHIEF EXECUTIVE OFFICER

This Council Plan charts the way forward for our Shire. I am proud to lead the organisation that is working to achieve an inspiring vision with and for the community. This desktop review continues to provide a holistic approach to planning for the future development and direction of the community.

The strategies and priorities have been carefully balanced to ensure that the Plan is affordable and practically achievable.

The Plan shows the projected costs over the coming years, and the implications for rates.

The organisation is fully aligned with the Council's direction. You can see the full list of services in the Plan, and what is changing over the coming years to maintain our general high standards and deliver the priorities.

I am looking forward to continuing to work with the community to implement this Council Plan.

Paul Anderson
CHIEF EXECUTIVE OFFICER

INTRODUCTION

Introduction

The Strategic Community Plan and Corporate Business Plan is a combined document ("Council Plan") under the Shire of Perenjori's Integrated Planning and Reporting (IPR) framework, followed by all local governments in Western Australia¹.

The Council Plan has been developed to show the community's aspirations, and set the vision, priorities, strategies and what the Council will deliver. The document also includes how the Plan will be resourced.

The Plan was reviewed at a Council Meeting and released for community consultation on 27 July 2022. It was open for submissions from 27 July to 10 August 2022, followed by adoption at the August 2022 Ordinary Council Meeting.

Why is this Plan important?

This Plan will:

- guide Council's detailed plans and annual budgets
- provide the basis for working with our community and partners to achieve the vision
- enable us to pursue funding by showing how projects align with our community and the Plan
- provide a framework for monitoring progress

COMMUNITY PROFILE

The Shire of Perenjori is a local government area in the Mid West region of Western Australia. The Shire covers an area of 8,313 square kilometres.

Perenjori, from the Aboriginal word "Perangary", meaning water hole, is situated 350 km north of Perth and 39 km south-east of Morawa in the northern agricultural region. Perenjori is one of nine government areas that make up WA's Wildflower Country and is part of the "Wildflower Way Tourist Drive" that runs from Dalwallinu to Geraldton.

The snapshot below shows key characteristics of the population (as of the 2021 Census), including comparisons with Western Australia as a whole.

COMMUNITY ENGAGEMENT SUMMARY

Overview

The community engagement was conducted during March and April 2022. It followed Council, staff and community scene-setting workshops that reviewed progress, considered challenges and opportunities, and identified key questions for the community.

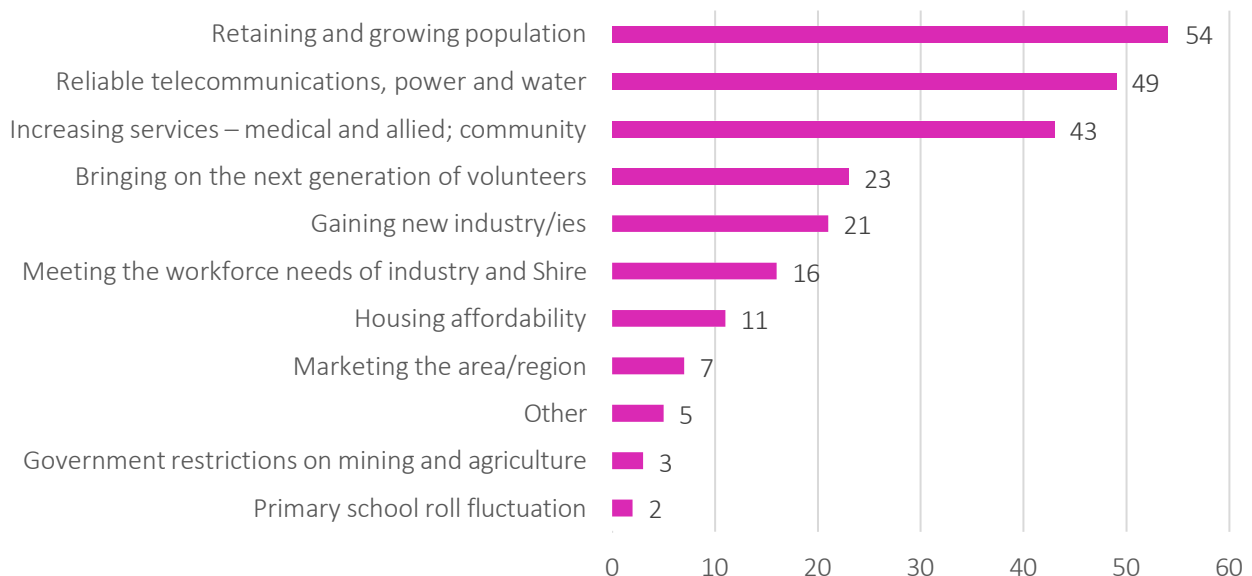

The purpose of the engagement was to gain a clear understanding of the community’s vision and priorities. It consisted of two in-person community workshops and a survey. The workshops were held in Perenjori (30 March 2022) and Latham (31 March 2022). The survey was open from 25 March – 9 April 2022.

There were 31 participants in the workshops and 49 participants in the survey². The results showed some strong and consistent themes which are summarised below.

Summary of Results

Key Challenges

The combined participants across the workshops and surveys identified the top three challenges for the community as being retaining and growing population, reliable utilities, and increasing services, as shown in the graph below.

² Note that community members were able to participate in both the survey and the workshops.

Economic

- Diversify industry
- Fill gaps in economy (trades, services, shops)
- Affordable housing

Governance and Leadership

- Strong and diverse Council
- Proactive, open minded, involved community
- Council and community working together

Prioritisation of Services

Importance vs satisfaction

Survey participants were asked to rank Shire services in both importance and satisfaction. Looking at the gap between the two, the following priorities emerged. In each case, the services rated above average in satisfaction, however, the satisfaction rating was relatively lower than their very high importance rating:

- Economic Development and Tourism
- Council Leadership, Partnerships, and Advocacy
- Community Engagement and Communications
- Town Sites Beautification and Street Trees
- Emergency Management
- Roads and Drainage

Focus for improvements

The combined participants identified what they wanted the Shire to focus on for improvements. The top four areas were:

- Economic Development and Tourism
- Town sites beautification and street trees
- Community Development and events
- Roads and Drainage

Willingness to pay for improvements

Of the above priority areas, economic development and tourism, and roads and drainage, emerged as two areas for improvement that community members were willing to pay for. Community members also indicated a high willingness to pay for medical services.

Population Growth

Participants were also asked if the Shire should focus on migrant attraction to grow the population. The combined responses in the pie chart below show that two thirds agreed or strongly agreed with this approach.

Community Hub development

The participants were also asked, in principle, do you think the Shire should consider the development of a Community Hub? A resounding 90% of respondents across the workshops and survey were in agreement, as shown in the pie chart below.

Volunteering

The last question was about people's ideas to increase volunteering. This question came from the observation that a small number of volunteers in an older age group are shouldering a disproportionate load of committee roles. This is unsustainable. Participants suggested the following approaches to bring new people and generations into

- Ask them/invite/encourage
- Make the jobs fun/interesting/'right-sized'
- Engage the young generation early
- Reduce red tape/administration – can this be centralised?
- Consolidate into fewer stronger groups – people spread too thin

STRATEGIC DIRECTION

The strategic direction for the plan is driven by the community. It covers things that the Shire is directly responsible for, as well as things that others (such as Federal or State Government, industry, or other stakeholders) are responsible for. It also covers areas where wider social and economic forces, including global trends, are at play.

Collaboration, partnerships and mutually reinforcing efforts towards the vision are therefore critical to the success of the Plan.

After careful consideration of the community engagement results, Council has distilled the following vision, goals, priorities and strategies.

Vision

Our community is strong and growing.

We create our own future with imagination and energy.

We are proud of this place we call home and welcome visitors to share in its outstanding natural beauty.

Goals

Social

- A healthy and inclusive community, and a great place to live for all ages and stages of life.

Built and Natural Environment

- Eco-friendly, attractive and well-maintained towns, surrounded by outstanding natural beauty, landscapes, flora and fauna to be protected and enjoyed.

Economic

- A flourishing economy, with businesses offering a suite of trades, goods and services, retail and hospitality offerings.

Governance and Leadership

- A strong and diverse Council working closely with a proactive and involved community

Priorities

The following priorities are driving the Council Plan. Note that while the priorities have been assigned to particular goal areas, they often contribute to more than one, for example the community hub has both social and economic outcomes.

Strategic Objectives

Each Goal has several strategic objectives feeding into it, as shown in the tables below. There will be regular reporting on implementation progress and the success measures on pages 30-31.

These objectives will be updated every four years as the Plan is reviewed and refreshed.

Goal 1: An inclusive community and a great place to live for all ages and stages of life

Strategic Objectives

- 1.1. The community is active and has access to a range of sport and recreation facilities
- 1.2. Community life is enhanced and nurtured with well supported clubs, community groups, and essential volunteer-based services
- 1.3. Arts, culture, libraries and events create memorable experiences and enrich and strengthen the community
- 1.4. The community is accessible for and inclusive of people with disability
- 1.5. Early childhood services are provided in support of workforce participation and educational outcomes
- 1.6. Young people are engaged in pro-social activity and civic life
- 1.7. Gaps in medical, allied health services, and other community services are filled where possible to meet the needs of the local population
- 1.8. Seniors are valued and supported to age in place
- 1.9. Emergency management and associated community liaison and education activities are undertaken to protect the community and minimise harm from disasters

Goal 2: Eco-friendly, attractive and well-maintained towns, surrounded by outstanding natural beauty, landscapes, flora and fauna to be protected and enjoyed

Strategic Objectives

- 2.1. Public health, safety and amenity standards are upheld
- 2.2. Land use and building regulations are designed and administered to meet the current and future needs of the community
- 2.3. The Shire's buildings and leases are administered to an appropriate standard for the benefit of the community according to their need and use
- 2.4. Local Aboriginal and non-Aboriginal stories, structures and places of interest are acknowledged, preserved and promoted as appropriate.
- 2.5. Waste management services are provided efficiently and sustainably
- 2.6. Roads, footpaths and drainage are appropriately managed according to their need and use
- 2.7. Parks, gardens, street trees and reserves are appropriately managed according to their need and use
- 2.8. The provision of cemeteries reflects community needs, heritage values, and a peaceful natural environment

Goal 3: A diverse economy, with flourishing businesses offering a suite of trades, services and retail offerings

Strategic Objectives

- 3.1. Opportunities are maximised to promote economic growth and local development
- 3.2. Visitors are welcomed and well-catered for

Goal 4: A strong and diverse Council working closely with the proactive and involved community

Strategic Objectives

- 4.1. The community is well-informed and engaged
- 4.2. The Shire listens to and works closely with the community and its decision-making is transparent and accountable
- 4.3. The Shire advocates and partners effectively on behalf of the community
- 4.4. The Shire works proactively with the Traditional Owners regarding sites and other matters of significance to the Badimia people
- 4.5. People receive a high standard of customer service in their dealings with the Shire
- 4.6. The organisation, assets and finances of the Shire are managed responsibly

ACHIEVING THE VISION

The Shire's Roles

Local governments operate under statutory laws and provide some discretionary services to meet the needs of the community. The primary roles of the Shire are outlined below.

Delivery of Facilities and Services

This includes parks and gardens, roads, footpaths, drainage, waste management, sport and recreation facilities, library, events, and support for community groups. Some of those services are based on assets, for instance roads and buildings. Maintenance and renewal of assets is a vital part of the Shire's role.

Regulation

Local governments have specific regulatory responsibilities that are essential for community wellbeing. For example, they have a regulatory role in public health (e.g. licensing and monitoring food premises), the appropriateness and safety of new buildings, and the use of land. These areas are subject to regulation to ensure a minimum standard is adhered to, as well as to minimise the potential to impose costs or adverse effects on others (e.g. food poisoning or injuries). Balancing the rights of those wishing to operate and the rights of those who may be affected or consider themselves to be affected can be challenging.

Facilitation, Influence and Advocacy

In some cases, the Shire enables or facilitates services to be provided by others or in partnership with the Shire rather than directly providing or funding the service (for example facilitating community care efforts through volunteer programs etc.). Influencing the decisions of others who do or can contribute to positive community outcomes in the Shire is an important role. Advocacy to regional agencies, the Federal and State Government and other agencies for recognition, funding, policy or planning support is a good example.

Civic Leadership

The Shire is uniquely able to provide civic leadership. While there are many others in the community with leadership capacity and responsibility, the Shire is the only entity with a democratic mandate to represent the community as a whole. It is the only entity with a statutory mandate to plan for the future of the community across social, economic and environmental wellbeing. It is therefore uniquely placed to bring together key players across government, industry and the community sector to align and coordinate activity, maintain momentum and track progress.

Good governance and leadership plays a central role in signalling community confidence in its future, building and supporting the leadership of others within the community, attracting people to the Shire and the town, and positioning the community to leverage external funding and investment.

Key Assumptions

Item	Assumption
Population growth	Moderate increase in residents is expected, in line with population strategy
Inflation	The Local Government Cost Index (LGCI) is estimated at approximately 2.5% per annum which is broadly in line with expectations of the Consumer Price Index (WALGA March 2022). However, WALGA notes that this estimate needs to be treated with caution. The LGCI may under-represent the impact of ongoing materials and labour shortages in construction-related industries, especially in regional areas.
Rates Increase	5% 2024/25. The Long Term Financial Plan was reviewed in 2022/23, which enabled a rates profile to be set for the coming years.
Operating grants and contributions, fees and charges	Increase in line with inflation
Employee, materials and contracts Costs	Increase in line with inflation
Borrowings	The Shire is borrowing for the community hub (supermarket) and will consider other new loans, depending on the cost of projects such as new housing.
General economic forecast for Western Australia	Gross State Product is expected to remain positive over the next four years at least. The labour market is expected to remain tight, with ongoing skills and labour shortages.

Service Delivery

The following table sets out all the services the Shire will deliver over four years, grouped under the responsible section (see organisational chart above). The table identifies each service, the SCP strategy or strategies the service primarily links with, the current outputs, and what, if any, changes to the level of service are planned over the four-year period of the Corporate Business Plan.

RESOURCING THE PLAN

The reviewed plan requires a rate increase of 5% in year 3 (2024/25). The Shire is borrowing for the housing project and may undertake a further loan for the community hub, depending on cost.

The Shire's Long Term Financial Plan was reviewed in 2022/23. The objective of the Shire's financial planning and management is to ensure that the community's assets are able to be sustainably maintained and renewed (and replaced at the end of their life), and that services can be delivered reliably, at a level that is affordable to the community and meets their needs.
