STATUTORY REPORTING PROGRAMS

Shire operations as disclosed in these financial statements encompass the following service orientated activities/programs.

KEY TERMS AND DEFINITIONS - REPORTING PROGRAMS

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the Shire of Perenjori's Community Vision, and for each of its broad activities/programs.

Council has adopted a 'Plan for the future' comprising a Strategic Community Plan and Corporate Business Plan to provide the long term community vision, aspirations and objectives.

Based upon feedback received from the community the vision of the Shire is:

"A wonderful place to live, work, invest and visit with the community working together to achieve shared objectives"

The Strategic Community Plan defines the key objectives of the Shire as:

"Economic: A strong, resilient and balanced economy.

Environment: Our unique natural and built environment is protected and enhanced.

Social: Our community enjoys a high quality of life.

Civic Leadership: A collaborative and engaged community."

Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the Local Government Act 1995 and accompanying regulations.

The Local Government (Financial Management) Regulations 1996 take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of AASB 1051 Land Under Roads paragraph 15 and AASB 116 Property, Plant and Equipment paragraph 7.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

SIGNIFICANT ACCOUNTING POLICES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 14 to these financial statements.

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

Cash and cash equivalents		4,769,894	3,209,836	7,979,730			

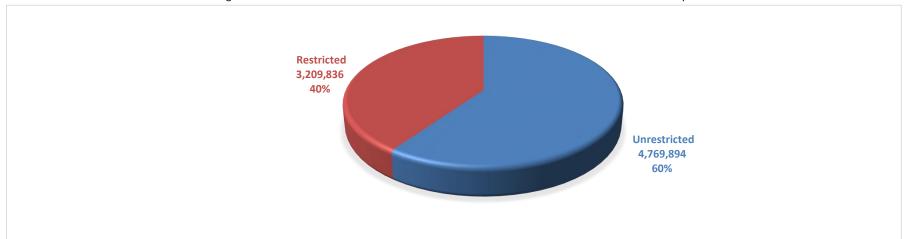

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for impairment of receivables is raised when there is objective evidence that they will not be collectible.

KEY INFORMATION

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. On 1 July 2020 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

KEY INFORMATION

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

KEY INFORMATION

Contract liabilities

Expenditure relating to LCRI Phase 2 grants of \$277,492 carried forward from 2020-21 now finalised. Amount received in May for PAC funding for 2022-23 \$36,364.

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date Actual materially.

The material variance adopted by Council for the 2021-22 year is \$10,000 or 10.00% whichever is the greater.

Reporting Program	Var. \$	Var. %	Timing/ Permanent	Explanation of Variance
	\$	%		
Revenue from operating activities Governance	124,637	446.79%	▲ Permanent	This mostly reflects reimbursements for LGIS refunds on insurance payments, reimbursments of Centrelink parenting payments (The Shire pays the employee through our payroll and recovers the cost from Centrelink) and reimbursements for Synergy and Water Corp accounts on rental properties from tenants. \$60k was received in May from LGIS relating to Cyclone Seroja. In addition, an unbudgeted gain on the sale of a vehicle added \$16k to
General purpose funding - other	2,072,794	126.79%	▲ Permanent	revenue. Unbudgeted financial assistance grants for 2022-23 received in April of \$2.125m, partially offset by LRCI Phase 2 Funding which is \$127k less than the YTD budget.
Law, order and public safety	71,478	75.88%	▲ Permanent	The CESM reimbursment is \$75k above the YTD budget (this is a recovery of the ependiture incurred by FESA and 3 other Shires to employ a Community Services Manager). The Shire of Perenjori funds 10% of the costs associated with the position.
Education and welfare	18,006	24.55%	Permanent	Childcare fees & sundry income above predictions YTD.
Housing	37,210	29.00%	▲ Permanent	Private housing revenue is \$60k better than the YTD budget as the Shire housing is currently fully rented due to the impact of cyclone Seroja. Housing allowance revenue is \$19k worse than the budget YTD as a housing allowance has been offered to all staff members which was approved after the budget adoption.
Community amenities	22,440	62.46%	▲ Permanent	Planning approval fees are \$7k above the YTD budget and unbudgeted grant income for \$8k was received from the National Australia Day Council in order to assist with a Community Development poject and \$4k from CBH for its grass root fund.
Transport	(48,747)	(16.09%)	▼ Permanent	Profits from the sale of assets are \$50k lower than the YTD budget.
Other property and services	67,356	102.44%	▲ Permanent	Private and mining works income is \$8k better than the YTD budgets, unbudgteted revenue for the sale of scrap metal is \$7k, plant hire income \$9k and workers compensation reimbursements \$47k better than the YTD budget.
Expenditure from operating activities				
Governance	57,543	20.35%	▼ Permanent	Donation expenses are \$32k and consultant fees \$36k more than the YTD budget and are more than offset by savings in member expenses \$41k and ICT expenses \$70k.
General purpose funding	24,087	13.08%	▼ Timing	Training and conference fees are \$10k, valuation fees \$5k and admin allocations \$8k under the YTD budget. These are currently sitting below budget as the current allocation has not been utilised to date.
Education and welfare	107,946	20.79%	Permanent	PECC salary related costs are \$54k, depreciation expense \$15k, youth activities \$9k and housing allocaion \$14k lower than the YTD budget. These are mostly due to staff changes and staff positions (one being a trainee).
Housing	(138,619)	(55.28%)	Permanent	Staff and non-staff housing costs are \$49k, depreciation \$21k and housing allocations \$65k over the YTD budget.
Community amenities	174,658	26.13%	▼ Permanent	A year budget of \$150k was provided for Western Power to assist with the underground power in the main street of Perenjori if required, and has not been utilised. This includes \$42k YTD for the transfer station. The refuse site is \$17k, public convenience maintenance expense \$63k, the project for Aboriginal History \$19k and the cemetery are \$7k under the YTD budget.
Recreation and culture	154,591	10.37%	▼ Permanent	A number of recreation facility related expenses are below the YTD budget, including the Latham Hall (\$63k), golf and bowls (\$6k), Perenjori Oval (\$24k), sports club insurance (\$4k) and the Museum and Tourist Bureau (\$34k). In addition, admin and housing allocations are \$27k lower than the YTD budget.
Other property and services	(135,891)	(122.50%)	▲ Permanent	Public works overhead is over-allocated by only \$25k, which will return to \$0 at year end when all allocations are finalised. Depreciation is \$22k and employee related costs are \$100k higher than the YTD budget (including unbudgeted workers compensation wages and parental leave expenditure totalling \$89k). Note that workers compensation recoveries from the insurer sit with 'Other property and services' revenue.
Investing activities				
Proceeds from non-operating grants, subsidies and contributions	(335,108)	(25.73%)	▼ Timing	RRG grants are \$469k lower than the YTD budget. This grant program is reliant on completion of works and submission of reports when milestones are completed to receive funding. \$180k is due from the March quarter submission. Partly offsetting this shortfall are unbudgeted grants received from DFES for the purchase of the 4 caravans of \$134k.
Proceeds from disposal of assets	23,909	24.65%	▲ Timing	Refer to Note 7 Disposal of Assets for details.
Payments for property, plant and equipment and infrastructure	1,203,666	30.47%	▼ Timing	Note 8 Capital Aquisitions detail the items which are currently under budget and still pending. The assumption is given the current economic circumstances and the current COVID situation not all of these budgeted items will proceed or reach completion in this financial year. Currently it is a timing issue and an effort is being made to try and complete as much of the capital expenditure programs as possible before year end.
Financing activities				
Proceeds from new debentures	(500,000)		▼ Permanent	New loan not to be pursued in 2021-22.
Transfer to reserves	(1,370)	(15.43%)	Permanent	Term deposit interest maturity receipted to reserve accounts less than YTD budget.

▲ ▼ Indicates a variance between Year to Date (YTD) Actual and YTD Actual data as per the adopted materiality threshold.
