Council Roles

Advocacy:
When Council advocates on its own behalf or on behalf of its community to another level of government / body /agency.

Executive/Strategic:
The substantial direction setting and oversight role of the Council e.g. Adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Legislative:
Includes adopting local laws, town planning schemes and policies.

Review:
When Council reviews decisions made by Officers.

Quasi-Judicial:
When Council determines an application/matter that directly affects a person's rights and interests. The Judicial character arises from the obligations to abide by the principles of natural justice.
Examples of Quasi-Judicial authority include town planning applications, building licences, applications for other permits/licences (e.g.: under Health Act, Dog Act or Local Laws) and other decisions that may be appealable to the State Administrative Tribunal.

Disclaimer

"Any statement, comment or decision made at a Council or Committee meeting regarding any application for an approval, consent or licence, including a resolution of approval, is not effective as an approval of any application and must not be relied upon as such.
Any person or entity that has an application before the Shire must obtain, and should only rely on, written notice of the Shire's decision and any conditions attaching to the decision and cannot treat as an approval anything said or done at a Council or Committee meeting.
Any advice provided by an employee of the Shire on the operation of a written law, or the performance of a function by the Shire, is provided in the capacity of an employee, and to the best of that person's knowledge and ability. It does not constitute, and should not be relied upon, as legal advice or representation by the Shire. Any advice on a matter of law, or anything sought to be relied upon as a representation by the Shire should be sought in writing and should make clear the purpose of the request."

Attachments:	12.1.1 Monthly Statement of Financial Activity for September 2026

Summary
This item recommends that Council receives the Financial Activity Statements for the periods ending 30 September 2026.

Background
Regulation 34 of the Local Government (Financial Management) Regulations 1996 requires local governments to prepare a Monthly Statement of Financial Activity.
Recent changes to the Regulations require a focus on reporting and variance analysis by nature and type rather than by program. The Shire's reports have historically been prepared by both nature and type and program with the variance analysis done by program. All reports for 2026-27 to date have been prepared by both nature and type and program, but with the variance analysis being done by nature and type in compliance with the revised Regulations.

Statutory Environment
Regulation 34 of the Local Government (Financial Management) Regulations 1996 requires local governments to prepare a Monthly Statement of Financial Activity.

Strategic Community Plan
Goal 4: A strong and diverse Council working closely with the proactive and involved community.
Strategic Objectives
4.6. The organisation, assets and finances of the Shire are managed responsibly.

Officer Comment
The opening surplus for the year prior to the finalisation of the 2025-26 financial statements is $3,925,348. As previously advised, this surplus is notionally deceiving as the State Government transferred 80% of its 2026-27 financial assistance grants (totalling $2.654m) to the Shire in June 2026.

Operating revenue YTD is $4,995,368 over budget by $241,167

Operating expenditure YTD is $1,823,067 under budget by $173,354

Key variances between the YTD budget and actuals are explained in the attached report on pages 2-3.

Summary

For Council to note the Status Report of Council Decisions for the month of September 2026.

Background

The Status Report functions as an internal administrative tool used by Executive Staff to monitor the implementation and progress of Council's resolutions following each meeting. To strengthen transparency and communication between Council, staff, and the community, the Status Report will be reinstated as a standing agenda item. Presenting the report formally to Council aligns with good governance principles and allows elected members to monitor the status of all outstanding actions.

Summary

The purpose of this report is for Council to consider whether it supports an application submitted by Dylan Hirsch, BA & JM Hirsch, to Main Roads Western Australia Heavy Vehicle Services to amend Restricted Access Vehicle access and increase Accredited Mass Management Scheme mass levels across a number of roads under the care and control of the Shire of Perenjori.

Statutory Environment

- *Local Government Act 1995*
- Main Roads Act 1930
- Main Roads Western Australia RAV Access Approval and Review Policy
- Council RAV Assessment Policy 3007

Consultation

Clinton Strugnell – Chief Executive Officer
Main Roads Heavy Vehicle Services
Dylan Hirsch – Applicant

Financial Implications

Supporting increased RAV and AMMS access may provide benefits through improved freight efficiency and reduced vehicle movements where higher-capacity vehicles can be utilised.

Conversely, increased vehicle mass and heavy vehicle activity may contribute to additional wear on road pavements, shoulders, drainage infrastructure and verges, potentially increasing the Shire's maintenance requirements over time.

The extent of any additional maintenance cost cannot be reliably quantified.

Where upgrades or remedial works are identified as necessary to support access, these would need to be separately assessed and considered through the Shire's existing maintenance program and annual budget process.

Strategic Community Plan

4.6. The organisation, assets and finances of the Shire are managed responsibly.

Officer Comment

Main Roads Western Australia Heavy Vehicle Services has received an application from Dylan Hirsch seeking Tandem Drive Network 7 access, where a network change is required, and an increase from AMMS Level 1 to AMMS Level 3 across the nominated roads. The stated transport task is grain, fertiliser and lime sand cartage.

The application covers Bunjil-Carnamah Road, Iona Road, Otte Road, Hirsch Road, Avery Road, Coorow-Latham Road, Chapman Road, Dring Road, Caron Road, Old Perth Road, Liebe Road and McDonald Road.

Some roads are already classified as Tandem Drive Network 7 and therefore do not require a dimensional network change. For those roads, the principal request is the increase from AMMS Level 1 to AMMS Level 3.

A preliminary inspection of the nominated roads identified the following matters for Council consideration:

• restricted sight distance at a number of intersections;

• vegetation encroachment affecting visibility on Iona Road and Avery Road;

• a winding and undulating section of Otte Road between approximately SLK 0.99 and SLK 1.55;

• a narrow section of Hirsch Road through the salt lake area between approximately SLK 14.32 and SLK 16.50;

• a section of poor bitumen seal on Coorow-Latham Road between approximately SLK 16.32 and SLK 17.75;

• sections of Old Perth Road south of Spencer Road that are less than 6 metres wide and may not provide suitable passing opportunities; and

• the potential for increased heavy vehicle mass and freight activity to increase road maintenance requirements.

Main Roads Heavy Vehicle Services will undertake its own onsite assessment and consider the safety aspects of the proposed access under the applicable route assessment guidelines once it receives Shire support.

Council's role is to determine whether the Shire supports the application as road manager and to identify any conditions, concerns or works that should be considered as part of the assessment.

The application does not need to be considered as a single all-or-nothing proposal. Council may support suitable roads, provide conditional support where identified issues can be addressed, or withhold support for roads or sections where safety, width, pavement condition or maintenance implications are considered unacceptable.

OFFICER RECOMMENDATION

Council Resolution Number:

Moved: Seconded:

That Council:

1. SUPPORTS / DOES NOT SUPPORT the application from Dylan Hirsch, BA & JM Hirsch for the nominated Shire roads to be approved for Tandem Drive RAV Network 7 and AMMS Level 3 access, with an 80 km/h limit for RAV vehicles. OR,

2. WHERE the application is not supported in full, DETERMINES its position on each nominated road individually on the attached table:

3. AUTHORISES the Manager Infrastructure Services to advise Main Roads Western Australia Heavy Vehicle Services of Council's decision and any associated conditions, required works, road condition observations or maintenance concerns.

COUNCIL DECISION

Council Resolution Number: 221026.16

Moved: Cr Campbell **Seconded: Cr Hepworth**

That Council:

1. SUPPORTS the application from Dylan Hirsch, BA & JM Hirsch for the nominated Shire roads to be approved for Tandem Drive RAV Network 7 and AMMS Level 3 access, with a 70 km/h limit for RAV vehicles.

2. AUTHORISES the Manager Infrastructure Services to advise Main Roads Western Australia Heavy Vehicle Services of Council's decision and any associated conditions, required works, road condition observations or maintenance concerns.

Motion put and carried 7/0
For: Cr Sutherland, Cr Bradford, Cr Fraser, Cr Curtin, Cr Hepworth, Cr Campbell, Cr Dring
Against: Nil

The reason for an amendment to the Officer Recommendation was due to Council's belief that a maximum speed limit of 70km/hr was appropriate, based on road conditions and public safety.

PROCEDURAL MOTION

Council Resolution Number: 221026.17
