Council Roles

Advocacy:

When Council advocates on its own behalf or on behalf of its community to another level of government / body / agency.

Executive/Strategic:

The substantial direction setting and oversight role of the Council e.g. Adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Legislative:

Includes adopting local laws, town planning schemes and policies.

Review:

When Council reviews decisions made by Officers.

Quasi-Judicial:

When Council determines an application/matter that directly affects a person's rights and interests. The Judicial character arises from the obligations to abide by the principles of natural justice.

Examples of Quasi-Judicial authority include town planning applications, building licences, applications for other permits/licences (e.g.: under Health Act, Dog Act or Local Laws) and other decisions that may be appealable to the State Administrative Tribunal.

Disclaimer

"Any statement, comment or decision made at a Council or Committee meeting regarding any application for an approval, consent or licence, including a resolution of approval, is not effective as an approval of any application and must not be relied upon as such.

Any person or entity that has an application before the Shire must obtain, and should only rely on, written notice of the Shire's decision and any conditions attaching to the decision and cannot treat as an approval anything said or done at a Council or Committee meeting.

Any advice provided by an employee of the Shire on the operation of a written law, or the performance of a function by the Shire, is provided in the capacity of an employee, and to the best of that person's knowledge and ability. 12.2 DECOMMISSIONING OF HISTORIC BUNJIL LANDFILL SITE

Applicant:	Shire of Perenjori
File:	ADM0214
Date:	27 August 2026
Disclosure of Interest:	Nil
Voting Requirements:	Simple majority
Author:	Clinton Strugnell – Chief Executive Officer
Responsible Officer:	Clinton Strugnell – Chief Executive Officer
Attachments:	Nil

Summary

The purpose of this item is to seek Council endorsement for funding to decommission the historic Bunjil landfill site.

Background

During the Office of Auditor Generals 2024/2025 audit of the Shire of Perenjori, it was identified that the Shire had not recognized the liability for the rehabilitation and closure of its landfill sites. Reports are currently being finalized for the ongoing management and closure of the Latham and Perenjori landfill sites which both have significant remaining life expectancy. These reports will also provide the liability calculation for each sites closure and allow Council to manage future reserve fund allocations to meet this liability.

In addition to the Latham and Perenjori landfill sites the Shire is responsible for a historic landfill site located at Bunjil on the Old Perth Road. Whilst this site is not active it has never been closed, rehabilitated and made inaccessible.

It is proposed that the expense of closing, rehabilitating and making the Bunjil site inaccessible be met in the current financial year rather than recognising an ongoing liability.

Statutory Environment

Contaminated Sites Act 2003

Policy Implications

Nil

Consultation

Marty Noordhof – Manager infrastructure Services

Financial Implications

A quote of \$39666.00 has been obtained for the closure of the Bunjil landfill site

Strategic Community Plan

4.6. The organisation, assets and finances of the Shire are managed responsibly

Officer Comment

The Bunjil landfill site comprises an area of approximately 2500m² with scattered rubbish. A partially filled rubbish cell exists and access to the site is possible despite an old earth bund existing between the site and Old Perth Road.

Closure will require extending the existing rubbish cell, gathering all the rubbish from the site and closing the cell. The earth bund between the road and the site will require reconstruction.

The 2026/2027 Budget does not provide funds for the closure of the Bunjil landfill site. It is proposed to transfer funds from the Refuse Reserve in order that the works can be completed in the current financial year.

Summary

Council is requested to provide direction regarding the future placement of tourism promotional signage, natural disaster interpretation signs and district entry signage throughout the Shire. Guidance is sought to determine preferred locations and the extent of district branding.

Background

As part of ongoing efforts to promote tourism and strengthen district identity, the Community Builders team of Tara Bradford, Robin Spencer and Jess Cole have identified potential locations for the installation of large tourism promotional signs and natural disaster interpretation signs. The team sourced external funding for the design and construction of the signs which are shown below.

The proposed roadside tourism signs measure approximately 2 metres x 3 metres and feature images promoting local attractions and experiences. It is proposed that one sign be installed approximately 10-15 kilometres north of Perenjori and a second sign approximately 10-15 kilometres south of Perenjori on the Mullewa Wubin Road. Installation within the road reserve would require approval from Main Roads WA. The reasoning behind these locations are guided by research that travellers are more likely to stop in a townsite if they are prompted quite soon before arriving.

In addition, the Community Builders team have developed concepts for 800mm x 800mm signs depicting significant events including the 1999 Perenjori Floods, Harvest Muster and Cyclone Seroja. Potential locations include the Colorbond wall located between the Hardware Store and the Perenjori Hotel, Caravan Park, or adding to current tourism signage on Fowler St parking bay opposite Independent Rural.

Perenjori Floods May 27th 1999

Above: 800mm x 800mm signs depicting natural disaster events

Council has previously considered upgrading district entry signage and discussed opportunities to replace the existing border signs with more contemporary and visually appealing structures similar to those installed by the Town of East Fremantle and other local governments. A quotation of \$3,890 has previously been received for the design of a custom entry sign concept.

Council direction is now sought on whether district entry signage should be limited to major Shire boundary entry points or expanded to include former townsites and sidings throughout the district.

Robin Spencer - Community Builders Program

Tara Bradford - Community Builders Program

Jess Cole - Community Builders Program

Financial Implications

A quotation of \$3,890 has previously been received for the design of a custom entry sign concept. This amount excludes construction and installation costs.

The estimated cost for design, manufacture and installation of a double-sided district entry sign approximately 3 metres in height is dependent on materials and final design requirements. An estimated budget of \$15,000-\$25,000 per sign would be reasonable for planning purposes, however formal quotations would be required before any project proceeds.

Allocation of \$2,000 has been made in Council's Annual Budget for tourism signage. Additional expenses could be financed from Council's Community Infrastructure Reserve.

Strategic Community Plan

Goal 1: An inclusive community and a great place to live for all ages and stages of life.

1.2. Community life is enhanced and nurtured with well supported clubs, community groups, and essential volunteer-based services.

Officer Comment

The installation of tourism promotional signage at key approaches to Perenjori would provide an opportunity to encourage travellers to stop in the Perenjori and support local businesses.

The proposed natural disaster interpretation signs would acknowledge significant historical events that have shaped the community while providing an educational and commemorative feature within the townsite.

With respect to district entry signage, Council has an opportunity to establish a consistent branding theme across the Shire. A contemporary sign style similar to those adopted by the Town of East Fremantle would provide a more distinctive and welcoming statement than existing rectangular border signage.

Council may consider whether new district entry signs should be installed only at major Shire boundaries or expanded to include former townsites such as Maya, Bunjil, Caron and Bowgada. Perenjori and Latham already have established entry statements, potentially reducing the need for additional infrastructure at those locations.

14.1 DISPOSAL OF PLANT AND EQUIPMENT BY LOCAL PUBLIC TENDER

Applicant:	Shire of Perenjori
File:	ADM0366
Date:	27 August 2026
Disclosure of Interest:	Nil
Voting Requirements:	Simple Majority
Author:	Marty Noordhof – Manager Infrastructure Services
Responsible Officer:	Clinton Strugnell – Chief Executive Officer
Attachments:	Nil

Summary

This report seeks Council endorsement of reserve prices for surplus plant and equipment to be disposed of by way of public tender. Council has indicated an interest for assets to be offered locally through a public tender process rather than public auction.

Reserve prices have been estimated for each asset based on management's assessment of available sales information, asset condition and age.

Statutory Environment

The **Local Government Act 1995 (WA)** is the primary legislation governing local government operations in Western Australia. The Act includes provisions relating to the disposal of local government property.

- Local Government Act 1995 – Sections 6.2 and 6.8. Local Government (Functions and General)
- Local Government (Functions and General) Regulations 1996

The public tender process will be undertaken in accordance with the requirements of the Act and Regulations.

Consultation

Clinton Strugnell – Chief Executive Officer

Financial Implications

The disposal of the identified assets is expected to generate proceeds of approximately \$267,000, subject to successful sale outcomes.

Funds received from the sale of assets will be returned to the relevant reserve account or applied in accordance with Council's adopted Long Term Financial Plan and Plant Replacement Program.

Strategic Community Plan

- 4.6. The organisation, assets and finances of the Shire are managed responsibly.

Officer Comment

The following assets have been identified as surplus to operational requirements following replacement:

Rego/Asset No.	Description	Year	Proposed Reserve Price
03 PJ	Kia Sportage	2022	\$18,000
04 PJ	Mitsubishi Triton	2021	\$10,000
PJ 1579	Mitsubishi Triton Tipping	2020	\$12,000
PJ 1577	Hitachi ZW180-5 Loader	2020	\$110,000
PJ 1565	Fuso 1024 Tipper	2020	\$40,000
PJ 1585	Caterpillar 239D3 Skid Steer Loader	2021	\$45,000
1 TXW 749	Nifty 120 Boom Lift	N/A	\$15,000
PJ 1564	Kubota Tractor	2017	\$15,000

Total Estimated Disposal Value: \$267,000

In recent years the Shire has utilised public auction for the disposal of plant and equipment due to the reliability of achieving what would be considered actual market value.

The public tender process will be advertised in accordance with legislative requirements, with tender submissions assessed against the endorsed reserve values. Assets that attract bids at or above the reserve price will be sold to the highest conforming tenderer.

Council should consider that a public tender process carries a risk of not achieving full market value when compared with a competitive auction process. Auctions provide bidders with visibility of competing offers and can generate higher sale prices through active competition between purchasers. Under a tender process, prospective buyers submit independent offers without visibility of competing bids, which may result in lower final sale prices than could otherwise be achieved through auction.

It should also be aware that proposed reserve values are management estimates only and have not been prepared by an independent valuer, licensed auctioneer or plant and equipment salesperson who is actively exposed to market activity on a continual basis. While every effort has been made to establish reasonable reserve prices based on available information, the estimates may differ from actual market value.

Summary

This item recommends that Council considers and endorses the Disability Access and Inclusion Plan (DAIP) Progress Report for 2025/26, as required under the *Disability Services Act 1993*.

Background

On 21 September 2022, Council endorsed the Shire of Perenjori Disability Access and Inclusion Plan 2022-2027. The *Disability Services Act 1993* requires all West Australian public authorities, including local governments, to implement a DAIP and report annually on the progress made toward achieving access and inclusion outcomes. The 2025/26 DAIP Progress Report demonstrates the Shire's ongoing commitment to improving access and inclusion within the community. It highlights specific actions undertaken during the reporting period under each of the seven DAIP outcome areas.

The annual progress report is submitted to the Department of Communities and contributes to the Minister's Statewide DAIP Progress Report, tabled in the WA Parliament.

Strategic Community Plan

Goal 1: An inclusive community and a great place to live for all ages and stages of life

Strategic Objectives.

1.4. The community is accessible for and inclusive of people with disability

Officer Comment

In April 2025, the Department of Communities provided a revised reporting template for DAIP Progress Reports to promote consistency across public authorities. The 2025/26 Progress Report was prepared in accordance with this template and reflects the progress made in implementing the Shire's current DAIP strategies.

Several key DAIP-related projects are currently in progress. These include:

- The development and distribution of an annual disability and inclusion awareness survey to all staff;
- A review of staff onboarding processes to embed disability and access considerations;
- Proposed installation of improved disabled access at the Pavilion;
- The development of an audit checklist to assess Shire buildings for accessibility;
- Review of alternative formats for public documents; and
- An event to mark the International Day of People with Disabilities was held on 3 December 2025.

These initiatives support the ongoing implementation of the DAIP and demonstrate the Shire's proactive approach to inclusive service delivery.

The report is presented for Council endorsement prior to submission to the Department of Communities.

Summary

For Council to note the Status Report of Council Decisions for the month of July 2026.

Background

The Status Report functions as an internal administrative tool used by Executive Staff to monitor the implementation and progress of Council's resolutions following each meeting.

To strengthen transparency and communication between Council, staff, and the community, the Status Report has been reinstated as a standing agenda item. Presenting the report formally to Council aligns with good governance principles and allows elected members to monitor the status of all outstanding actions.
